## Kurukulle Fire Puja & Empowerment

Kurukulle is the dynamic manifestation of Red Tara. She is the feminine embodiment of enlightened wisdom and appears as a semi-wrathful dakini skilled in magnetizing all possible resources. Popular in all Tibetan Buddhist traditions, the red dakini, like a magnet, attracts the circumstances conducive to increasing wisdom, happiness, excellent health, wealth and long life.

## Red Chenrezig Empowerment/Teaching

Red Chenrezig practice includes creation and completion stages of practices; it principally discusses body mandala, where one generate oneself as a deity, and inside oneself at various places are other deities. The practice incorporates an elaborate body mandala and completion stage and is ordinarily not done outside of three-year or other extended retreat. The practice has outer, inner, secret, and very secret aspects along with a drubchen and fire puja.

## Wrathful Guru Rinpoche Empowerment

Wrathful Guru Rinpoche is one of the many manifestations of Guru Rinpoche. Through this empowerment and practice you can remove your outer, inner and secret obstacles in order to generic tantric realizations, especially diseases of an emotional or mental nature. Through this practice you can also help others. The soul and blessing of empowerment is to keep the samaya between the guru and the student.

## Buddha Amitabha Empowerment/ Dream Yoga & Phowa Teaching

This is a meditation that is practiced before one goes to sleep. It continues the first step of dream yoga and is a tradition of phowa (the transference of consciousness at the time of death). The phowa being taught comes from Sakya Pandita and focuses on Buddha Amitabha. This is the easiest one and can be practiced every night or when you take a nap. If you do so, then when you die, there is no doubt that you will be reborn in Dewachen, the Pure Land of Buddha Amitabha.

**H.E. Tulku Yeshe Rinpoche** is a Dzogchen master and the reincarnation of Dzogchen Gyaltzab Thodo Rinpoche. He was recognized by H.H. Dalai Lama's Nyingmapa teacher Kyabje Trulshig Rinpoche and has received teachings from over forty masters representing all five schools of Tibetan Buddhism.

He has published ten books about philosophy, life, nature, peace, and magic. He is the founder of Tibetan Zen, and he has given the Tibetan Zen teaching in many places. His book, Tibetan Zen, will be available in 2013. His autobiography, A Modern Liberation Odyssey, is available now. He also writes novels, poetry for mind training, provides Tibetan astrology readings, can advise people on how to enjoy their life, and bestows empowerments.
